

COMMISSIONERS APPROVAL

CHILCOTT *g*

LUND *ALL*

THOMPSON

TAYLOR (Clerk & Recorder)

Date.....July 28, 2006

Members Present.....Commissioner Greg Chilcott and
Commissioner Alan Thompson

Minutes: Glenda Wiles

The Board met on site at South Sunset Bench and McIntyre Roads in regard to a easement issue through state trust lands. Residents and DNRC Representatives were also on site.

The Board met at the airport in regard to a complaint by Jack Vallance about the North Star Aviation Fueling System. During the first visit to the airport the State Fire Marshall was not present. During the subsequent visit by Commissioner Chilcott to the airport the State Fire Marshall was present.

It was brought to the Board's attention that the Forest Service had made an error on their Stage II Restrictions under the section for acts being prohibited. Due to that error, Commissioner Thompson made a motion to rescind Resolution No. 1949 which prohibits open burning and adopt Resolution No. 1950 which continues to prohibit open burning and places certain prohibitions and exceptions on certain acts such as the use of chain saws during the hours of 1:00 p.m. to 1:00 a.m. Commissioner Chilcott seconded the motion and all voted "aye".

Due to concerns of traffic control on Woodchuck Lane in the Eight Mile Area due to the fire in the area, Commissioner Thompson made a motion to allow the speed limit to be lowered on Wood Chuck Lane and any other road that is being effected or utilized for fire suppression or evacuation by either the Incident Commander of the Fire or by the Sheriff of Ravalli County. The speed limit to be can be lowered to whatever the Incident Commander or Sheriff deems appropriate. Commissioner Chilcott seconded the motion and all vote "aye".
